System akan otomatis Generate password otomatis nah skng masukan aja di kolom biru tadi dengan password yang anda inginkan, yg pasti mudah di ingat y mas bro ...

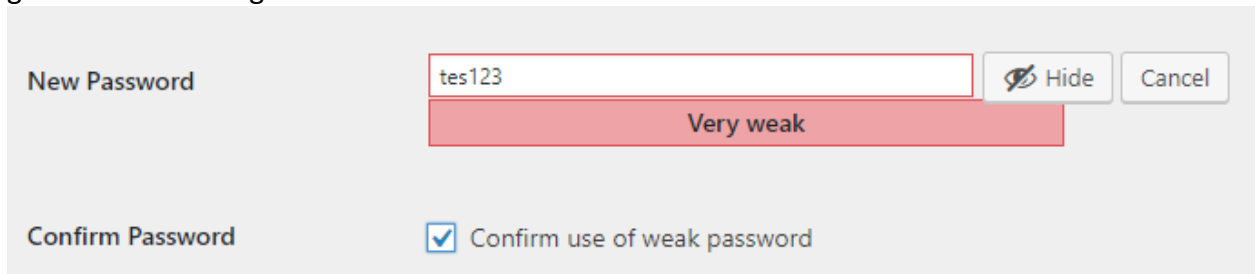

Catatan :

kalau bener seperti ini

New Password
Strong

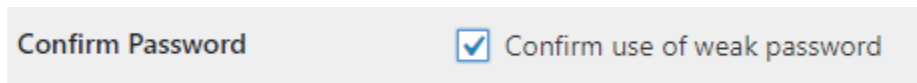

Kalau ada tulisan merah berarti password anda terlalu pendek bahaya jika takut di gunakan oleh orang lain

New Password
Very weak

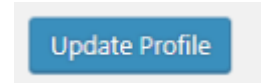

Confirm Password Confirm use of weak password

tapi kalau mau tetap dengan password tersebut klik

Confirm Password Confirm use of weak password

Lalu setelah selesai semua klik update Profile

Mantab ... ngopi dulu mas bro....
